Administrative Practices

NICKNAMES

This pamphlet contains the entire inventory of nicknames used throughout the Department of the Air Force. It is used by activities engaged in plans and operations, research and development, accounting and finance, and administration. It is vital to effective interpretation of administrative communications containing undefined nicknames. The total compilation of nicknames with their associated meanings is unclassified. Cancelled nicknames are identified by an asterisk. Once cancelled, a nickname is not approved for reuse for a minimum of 2 years. If, however, a program is cancelled or completed and subsequently reactivated, the responsible agency may reactivate the originally assigned nickname by assigning a roman numeral suffix indicating the recurring use of the nickname for an identical or related program. Cancel nicknames in accordance with AFR 205-1, appendix D. Authority for using nicknames is contained in AFR 205-1, appendix D. This pamphlet is issued semiannually (1 January and 1 July). Cutoff dates for submitting nickname inputs for publication are 30 November and 31 May.

BY ORDER OF THE SECRETARY OF THE AIR FORCE

OFFICIAL

DAVID C. JONES, General, USAF
Chief of Staff

JACK R. BENSON, Colonel, USAF
Director of Administration
